HUNAN TROOPS ATTACK, PLUNDER AMERICANS

FIRE UPON YANKEE MISSIONARIES AND RIDDLE U. S. FLAG

OPERATED ON ORDERS "DESTROY MISSION AND KILL FOREIGN DEVILS"

HUNAN PROVINCE IS ONE OF CHIEF TEA PRODUCING REGIONS OF CHINA

Pekin, China, Jan. 12.—Storming down on Supu, the first division of regular Hunan troops plundered the village, attacked the American mission of the Passionist Fathers, a Catholic order, fired upon two American missionaries and riddled the American flag, according to reports made to the American legation here.

According to first advices here the soldiers acted under the direct orders of General Hoyao Tsun commanding the Chinese inland province of Hunan. These orders, it was said, were to "destroy the mission and kill the foreign devils."

The troops dashed into the village without warning and stormed the mission. They fired upon Flavian Mullins and Arthur Benson, two of the mission attaches, riddling their clothes.

Neither one was injured. They then proceeded to shoot holes in the American flag flying over the mission. After plundering the town the troops withdrew and last reports were that Supu was again quiet, under the control of higher officials.

The customary protests are being made to the Chinese government by the American ministry.

The head seminary order of the Passionist Fathers is located at Brington, Mass. The order is comprised of ordained priests whose lives are devoted to missionary work. Hunan province comprises about 75,000 square miles and is drained by southern tributaries of the Yangtze Kiang river and is one of the chief tea producing regions of China. It has a population of 22,000,000. The capital is Changsha.

\$100,000 FUND IS BEING TRACED

Palm Beach, Fla., Jan. 12.—Satisfied for the time being with what he has shown, Senator Walsh, Montana, today gave up his effort to get from Albert B. Fall, former secretary of the interior, a definite answer to this question:

"If you did not get \$100,000 from Edward B. McLean of Washington to help finance the purchase of a ranch at Three Rivers, N. M., where did you get it?"

Walsh went to Daytona today, Fall remained in seclusion.

Walsh came to Palm Beach by direction of the senate public committee investigating the leasing of Teapot Dome naval oil reserve to the Sinclair interests. In that inquiry Fall sent a letter to the committee stating he borrowed \$100,000 from McLean.

McLean in a statement submitted by A. Mitchell Palmer, verified this.

Yesterday McLean testified "Under legal oath" as he told Walsh he gave Fall the note and three days later received the uncashed checks from Fall and surrendered the note. Fall had made "other arrangements," McLean said.

Walsh asked Fall to explain. McLean, acting as messenger, took this request to the former secretary, whose exact whereabouts here are being kept a secret.

McLean back word he was too sick to appear at once. He said he would testify today. Then he said in a later message he would be too weak today.

He explained in a letter to Walsh that McLean's testimony was correct. He did not explain where he got the \$100,000. He said, however, that it did not come from Harry Sinclair or any other of the Sinclair interests. Fall today continued to speak only through McLean.

Walsh will return to Washington Tuesday and will renew his efforts to find out where Fall got the money.

Miss Irene Turcotte Wins the Beauty Contest

LOST LEFT HEEL; SWITCHMAN GIVEN \$16,000 BY JURY

(By United Press)
Buffalo, Minn., Jan. 12.—James Riley, Minneapolis, Great Northern switchman, who had a left heel severed by a train July 18, 1923, was awarded a verdict of \$16,000 in Judge Gidding's court here.

George Hoke, Minneapolis, represented the railroad company and S. A. Anderson, St. Paul, the plaintiff. An appeal probably will be taken.

LAWRENCE SPERRY IN WATERY GRAVE

BODY OF MAN PICKED UP IN THE ENGLISH CHANNEL THAT OF FLIVVER PLANE FLIER

(By United Press)
London, Jan. 12.—The body of a man washed up by the sea between Dungeness and Rye was definitely identified today as that of Lawrence Sperry, intrepid American aviator of Garden City, New York.

President Jackson, representative of the Sperry Gyroscope company in London identified the body by physical characteristics and the clothing the latter wore, bearing trademarks of New York firms.

Sperry lost his life when he attempted to fly from England to the continent last month in his special twenty foot flivver plane. A workman reported seeing the plane collapse and fall into the channel. Later the machine was found, but no trace of the body until it was washed up by the sea yesterday.

Although a pioneer in aviation, Sperry's greatest achievement was development of the aerial torpedo during the war.

Lawrence Sperry had made many notable aviation achievements to his credit in the United States. He was the first aviator to take a woman over New York city in an airplane, to experiment in night flying and parachute jumping from planes, to loop the loop in a hydroplane, landing in city streets and making contact with another plane.

Husband Tries to Blow Up Wife With Bombs

Montevideo, Jan. 12.—The annals of crime bear the records of many men who have beaten their wives to death or have poisoned or shot them, but a Montevideo man, Samuel Giannomo, is believed to have established a precedent when he tried to dynamite his spouse, who was rescued from a circle of 12 bombs just before the husband set them off. Giannomo's plan for blowing up his wife was elaborate. He stood her in the middle of a room and distributed the bombs around her, threatening to set one off immediately if she moved. While arranging the fuses which he intended to set off from the outside, the wife ran to a window and shrieked for aid.

Poisons in Sweet Clover Hay
St. Paul, Jan. 12.—Certain poisons in sweet clover hay are causing the death of young livestock, according to reports to the veterinary division, department of agriculture, University of Minnesota.

Dr. C. P. Fitch, head of the division, is making a study of the problem.

The poisons appear only in some kinds of sweet clover hay, according to Dr. Fitch. There is evidence that the poisonous substances are produced by the action of molds, though this has not been definitely proven and is still under investigation.

Sweet clover hay, however, is usually not poisonous, Dr. Fitch said, and if fed sparingly with other feeds, those which are considered poisonous will not be disastrous.

Farmers should use great care in harvesting and curing sweet clover hay, he warned.

POISON LIQUOR IS CAUSE OF A DEATH TOLL IN CHICAGO

POLICE REPORT FOUR OCCURRING IN THE LAST 24 HOURS

BOTTLES OF MOONSHINE AND DENATURED ALCOHOL FOUND NEAR THE BODIES

(By United Press)
Chicago, Jan. 12.—Four deaths directly caused by poison liquor were reported to police here during the last 24 hours.

Henry Smith, South Bend, and John Padden and Edward Shanley, Chicago, were found in a rooming house.

Arthur Hall, Minneapolis, was found at another address. Bottles of moonshine and denatured alcohol were lying near all the bodies.

Hall had been dead three days, police believed.

Just after officers found his body a letter came from Hall's father in Minneapolis. It contained a plea to his son to stop drinking.

"It is past 12 o'clock but I can not sleep," the letter said, "for I am uneasy about you. Please, please, for your own sake, stop drinking; it will be too much for you some day. If the conductor had only let you stay on the train I might have helped you."

Hall, police said, was put off the train here because he was intoxicated. He was on his way to visit his father in Minneapolis.

The letter from the elder Hall was blurred and tear stained.

MYSTERY MAN IS STILL A MYSTERY

LEAVES ST. PAUL OWING HOTEL BILL AND ATTY. THOMAS McMEEKIN

(By United Press)
St. Paul, Jan. 12.—The mystery man who was featured as a lip reader exposing even the garish conversations of a movie tragedienne on the screen is more of a mystery than ever.

Featured by a newspaper for recent weeks as one of the world's marvels, he stayed at the best hotel and was sought after by even wealthy attorneys who are used to deception. His name he gave as William J. LaSalle.

Monday with tears in his eyes he exhibited a telegram saying that his two children, Dorothy and Billy were dead. The telegram came from Sioux City and was signed Bradley. LaSalle explained Bradley was a friend. Gladys Arnold, he said, had charge of the children. He gave the address of Miss Della Fox, Sioux City as the place where Bradley would be found. The address proved fictitious.

But LaSalle left, ostensibly for Sioux City. He left a large hotel bill and indebtedness to many friends including Thomas McMeekin, former criminal attorney. McMeekin complained to police today.

Authorities at Sioux City found no trace of LaSalle or his children, alive or dead.

Detective In Toils
Minneapolis, Jan. 12.—John J. Faltico, veteran detective of the Minneapolis Police Department, was in court today charged with forging and cashing government bonds.

Arraigned before Howard S. Abbott, United States Commissioner recently, Faltico pleaded not guilty and gave \$5,000 bond to appear for a preliminary hearing today.

Paris, Jan. 12.—Anatole France, famous French novelist, is seriously ill of a nervous trouble.

MOVIEDOM AND ITS WILD WEST OUTFIT AFTER REAL BANDIT

(By United Press)
Los Angeles, Jan. 12.—Moviedom, with its "wild west" outfit and its "comedy police," turned out today for real bandit chase.

Henry Dunlap, known as the "hodge bandit," who is credited with a dozen robberies, suspected of a murder and alleged to have threatened the life of Douglas Fairbanks and Mary Pickford, is the object of the hunt.

Tom Mix, known on the screen for his feats on horseback and his thrillers of the "wide open spaces," strapped real loaded guns to his belt and lead another little company of screen cowboys on the bandit's trail.

He was followed by another company of moviedom who made up part of a posse of 1,000 citizens of Hollywood and 500 Los Angeles and Hollywood police.

STANDARD BOOSTS GAS PRICE 2 CENTS

INCREASE EFFECTIVE TODAY IN 11 NORTHWEST AND CENTRAL STATES

Chicago, Jan. 11.—The price of gasoline advanced 2 cents over the present market price, effective today, according to an announcement made by the Standard Oil company of Indiana here. The advance will be effective in 11 central states.

The states affected by the advance are: Illinois, Indiana, Michigan, Wisconsin, Minnesota, South Dakota, North Dakota, Missouri, Iowa, Kansas and parts of Oklahoma.

The price of kerosene advanced 1 cent a gallon at the same time.

The only reason given for the advance in gasoline and kerosene was "general marketing conditions."

GAS RAISE IN BRAINERD

All oil companies in Brainerd advanced their prices 2 cents per gallon on gasoline and one cent on kerosene this morning, in line with the general advance throughout the Northwest.

As stated by H. E. Purdy, representing the Standard Oil Co., this advance brings the price of regular gasoline up to 17.8 cents per gallon, and high test to 20.8 cents per gallon. Kerosene, advancing one cent per gallon, is now 13.5 cents.

Mr. Purdy states that the cause of this advance, as given by the Standard Oil Co., is an increase in the wholesale market.

GERMANY IS TO PARDON GRIFFIS

PRESIDENT EBERT TO EXTEND CLEMENCY TO BERGDOLL CAPTORS

(By United Press)
Washington, Jan. 12.—President Ebert of Germany will pardon and release Lieutenant Corliss Hooven Griffis of Ohio and the other foreigners who several months ago attempted to capture Grover Cleveland Bergdoll, the American slacker in Germany, it was learned today.

This step will not be taken immediately, according to the understanding here, but Griffis and his companions will be freed some time before the expiration of their sentence. Griffis recently was sentenced to 21 months in jail.

Griffis has appealed his sentence to a higher court and it is understood to be the feeling among German authorities that this appeal should take its course before the former American officer is pardoned.

The release of Griffis would be a wise step politically for Germany, it is felt here.

6 BANDITS SHOOT 3, FIGHT PISTOL DUEL, STEAL \$431

BRIGHTON PARK STATE BANK IS SCENE OF A WILD WEST HOLDUP

POLICE SQUADS SUMMONED TO CHASE BANDITS, BUT LOSE TRAIL

(By United Press)
Chicago, Jan. 12.—Six bandits held up the Brighton Park State bank here today, seizing \$431, shot three persons, fought a pistol duel with police and escaped.

The bandits drove up to the bank in a touring car and the four alighted. Two entered the bank and two stood guard at the door. Customers and bank officials were lined up against the wall.

"Move and we'll kill you," the bandits warned.

As one bandit was scooping up the money, the guards shouted a warning that police were coming. The four robbers fled to their automobile, shooting at the police as they ran.

Albert Tser, assistant cashier, was wounded by a bullet as he ran into the street after the bandits. Another man and a small boy were also shot. The three victims were taken to hospitals.

Police squads, hastily summoned, proceeded to pursue the bandit car but lost the trail. An automobile later was found two miles from the scene of the holdup. Police said it answered the description of the bandit machine.

MINE CONVICTS IN REBELLION

DYNAMITED MACHINERY AT ALDRICH, ALABAMA, WORKS

(By United Press)
Aldrich, Ala., Jan. 12.—Order was restored today at the Thomas Weller coal mine where 63 convicts rebelled against guards and dynamited machinery after barricading themselves in the mine.

The convicts who demanded dismissal of Warden J. M. Jeinigan because of his punishment of three convicts, marched out of the mine late last night and surrendered. The convicts were marched to jail.

Eighteen guards, facing threats of convicts armed with dynamite, heroically rushed entrances of the mine, fought their way to the heart of the prisoners' fortification and forced them to surrender.

All previous attempts to bring them under control were met with explosions of dynamite near the entrances of the mine which drove the guards back.

When the prisoners entered the mine Friday they formed barricades, fought off the guards and notified prison officials by telephone they would not surrender until the warden was discharged.

Mrs. Ellsworth Bassett Refused Reconciliation

(By United Press)
Madison, Conn., Jan. 12.—The make or break hour of noon having passed with no word from his wife, Ellsworth Bassett, whose domestic woes have stirred this little fishing village for this last week, left town shortly after 12 p. m.

The letter he wrote his wife yesterday asking her to return to him and re-open the Bassett home here was received by Mrs. Bassett but she didn't come back at the hour set in his letter.

The note read in effect:

"You are here by noon Saturday or I am not here thereafter."

ABANDON HOPE OF SAVING SUNKEN SUB OF BRITISH NAVY

(By United Press)
London, Jan. 12.—"All hope of saving the sunken submarine L-24 has been abandoned," the admiralty said today.

The undersea boat, with more than 40 men aboard, was rammed by the battleship Resolution last Wednesday, and sank immediately.

STATE TROOPS TO STAY SOME TIME

RIOT CONDITIONS STILL THREATENING IN WILLIAMSON COUNTY

(By United Press)
Marion, Jan. 12.—State troops called out to quiet riot conditions threatening in bloody Williamson county, will stay indefinitely, Deputy Sheriff John Layman declared today.

Layman, after an all night visit in Herrin where 200 men were said to be heavily armed and ready to riot, said conditions were far from satisfactory and the troops would remain until all danger of an outbreak was removed.

The troops were ordered to Williamson county by request of the sheriff's office when it was feared rioting would follow raids by prohibition officials and members of the Ku Klux Klan.

Layman visited Herrin with Sam Stearns, exalted cyclops of the Klan in Williamson county. An effort was made to have justices of the peace revoke all licenses to carry weapons. When the attempt failed, Layman said it would be necessary to keep the troops in the county.

"The Ku Klux Klan has fallen through," Layman said.

"We hoped Stearns could help us disarm Herrin, but his efforts didn't help."

RESTRAIN OPERATION OF ROYALTY TAX

(By United Press)
Duluth, Jan. 12.—Judge W. A. Cant in United States District court today granted a temporary injunction against operation of the state royalty tax on iron ore lands.

The order will be issued late today, Judge Cant said, and it will provide for a hearing on a permanent injunction in St. Paul on April 7. From the St. Paul hearing the case will go up to the United States supreme court for a final decision on the constitutionality of the law.

The order does not block the entire operation of the law. It merely affects interests represented by the five petitioners. These interests, however, are the biggest tax payers of the state.

The royalty tax was passed by the state legislature in 1923 and provides for a six per cent tax on royalties paid holders of iron ore property. Royalties paid in 1923 are estimated by the state tax commission at between \$15,000,000 and \$16,000,000 which would produce a revenue of between \$900,000 and \$1,000,000 for the state.

The tax commission on December 29 mailed tax blanks to approximately 450 individuals and holding companies. No returns have been made.

The Royal Mineral company, William E. Boenig and others attacked the law. Helen B. Bardwell, Harriet P. Ayes and Alice T. Forsman joined in the petition for a temporary injunction restraining state officials from proceeding with the collection of a tax.

The three women as stockholders in the Sargent Land company also sought to restrain the company, a holding concern, from taking any steps to report on royalties or paying any taxes.

Attorney General Hilton, Assistant Attorney General G. A. Youngquist and P. J. Ryan, a special tax lawyer, represented the state in the hearing before Judge Cant this morning.

DESPERADO HUNT SUSPENDED TODAY

(By United Press)
West Palm Beach, Fla., Jan. 12.—The hunt in the Everglades for two desperados, remnants of the notorious Ashley-Mobley gang, was suspended today.

The two bad men escaped Wednesday when a concerted attack was made on the nest of the gang of desperados near here. John Ashley, leader of the outlaws, and Deputy Sheriff Baker were killed in the fight and the bandits' camp burned down.

Bill Ashley, a son of the leader, surrendered yesterday with Albert Miller, who was captured Thursday. They were held in jail here.

Chicago, Jan. 12.—Six bandits held up the Brighton Park State bank here today, seizing \$431, shot three persons, fought a pistol duel with police and escaped.

The bandits drove up to the bank in a touring car and the four alighted. Two entered the bank and two stood guard at the door. Customers and bank officials were lined up against the wall.

"Move and we'll kill you," the bandits warned.

As one bandit was scooping up the money, the guards shouted a warning that police were coming. The four robbers fled to their automobile, shooting at the police as they ran.

Albert Tser, assistant cashier, was wounded by a bullet as he ran into the street after the bandits. Another man and a small boy were also shot. The three victims were taken to hospitals.

Police squads, hastily summoned proceeded to pursue the bandit car but lost the trail. An automobile later was found two miles from the scene of the holdup. Police said it answered the description of the bandit machine.

MINE CONVICTS IN REBELLION

DYNAMITED MACHINERY AT ALDRICH, ALABAMA, WORKS

(By United Press)
Aldrich, Ala., Jan. 12.—Order was restored today at the Thmoas Weller coal mine where 63 convicts rebelled against guards and dynamited machinery after barricading themselves in the mine.

The convicts who demanded dismissal of Warden J. M. Jeinigan because of his punishment of three convicts, marched out of the mine late last night and surrendered. The convicts were marched to jail.

Eighteen guards, facing threats of convicts armed with dynamite, heroically rushed entrances of the mine, fought their way to the heart of the prisoners' fortification and forced them to surrender.

All previous attempts to bring them under control were met with explosions of dynamite near the entrances of the mine which drove the guards back.

When the prisoners entered the mine Friday they formed barricades, fought off the guards and notified prison officials by telephone they would not surrender until the warden was discharged.

Mrs. Ellsworth Bassett Refused Reconciliation

(By United Press)

Madison, Conn., Jan. 12.—The make or break hour of noon having passed with no word from his wife, Ellsworth Bassett, whose domestic woes have stirred this little fishing village for this last week, left town shortly after 12 p. m.

The letter he wrote his wife yesterday asking her to return to him and re-open the Bassett home here was received by Mrs. Bassett but she didn't come back at the hour set in his letter.

The note read in effect:

"You are here by noon Saturday or I am not here thereafter."

ABANDON HOPE OF SAVING SUNKEN SUB OF BRITISH NAVY

(By United Press)
London, Jan. 12.—"All hope of saving the sunken submarine L-24 has been abandoned," the admiralty said today.

The undersea boat, with more than 40 men aboard, was rammed by the battleship Resolution last Wednesday, and sank immediately.

STATE TROOPS TO STAY SOME TIME

RIOT CONDITIONS STILL THREATENING IN WILLIAMSON COUNTY

(By United Press)
Marion, Jan. 12.—State troops called out to quiet riot conditions threatening in bloody Williamson county, will stay indefinitely, Deputy Sheriff John Layman declared today.

Layman, after an all night visit in Herrin where 200 men were said to be heavily armed and ready to riot, said conditions were far from satisfactory and the troops would remain until all danger of an outbreak was removed.

The troops were ordered to Williamson county by request of the sheriff's office when it was feared rioting would follow raids by prohibition officials and members of the Ku Klux Klan.

Layman visited Herrin with Sam Stearns, exalted cyclops of the Klan in Williamson county. An effort was made to have justices of the peace revoke all licenses to carry weapons. When the attempt failed, Layman said it would be necessary to keep the troops in the county.

"The Ku Klux Klan has fallen through," Layman said.

"We hoped Stearns could help us disarm Herrin, but his efforts didn't help."

RESTRAIN OPERATION OF ROYALTY TAX

(By United Press)
Duluth, Jan. 12.—Judge W. A. Cant in United States District court today granted a temporary injunction against operation of the state royalty tax on iron ore lands.

The order will be issued late today, Judge Cant said, and it will provide for a hearing on a permanent injunction in St. Paul on April 7. From the St. Paul hearing the case will go up to the United States supreme court for a final decision on the constitutionality of the law.

The order does not block the entire operation of the law. It merely affects interests represented by the five petitioners. These interests, however, are the biggest tax payers of the state.

The royalty tax was passed by the state legislature in 1923 and provides for a six per cent tax on royalties paid holders of iron ore property.

Royalties paid in 1923 are estimated by the state tax commission at between \$15,000,000 and \$16,000,000 which would produce a revenue of between \$900,000 and \$1,000,000 for the state.

The tax commission on December 29 mailed tax blanks to approximately 450 individuals and holding companies. No returns have been made.

The Royal Mineral company, William E. Boenig and others attacked the law. Helen B. Bardwell, Harriet P. Ayes and Alice T. Forsman joined in the petition for a temporary injunction restraining state officials from proceeding with the collection of a tax.

The three women as stockholders in the Sargent Land company also sought to restrain the company, a holding concern, from taking any steps to report on royalties or paying any taxes.

Attorney General Hilton, Assistant Attorney General G. A. Youngquist and P. J. Ryan, a special tax lawyer, represented the state in the hearing before Judge Cant this morning.

MISS BEATRICE SHEFFO TOOK SECOND PLACE WITH 5,941 VOTES

MISS GLADYS HALL CONTINUED THIRD PLACE WITH 2,670 BALLOTS

The "Miss Brainerd Dispatch" beauty contest held in connection with the coming Twin City Automotive Exposition, had its final count Monday afternoon at 5 o'clock when it was ascertained that Miss Irene Turcotte had won the contest, polling 7232 votes and leaping from 2029, which she polled Monday morning at 9 o'clock, to the big total mentioned.

Miss Beatrice Sheffo was second with 5,941 votes; Miss Gladys Hall third with 2,670 votes, and Miss Beatrice Olson fourth with 1,650 votes.

The Dispatch, recognizing the earnest efforts put forth by contestants, went beyond the original terms of the contest and awarded prizes of \$10 each to the Misses Sheffo, Hall and Olson.

The publicity director of the contest had promised tentatively to send the Dispatch an electro giving the pictures of the 15 winners of the various contests, including that of Miss Turcotte. It did not arrive on Saturday and the Dispatch expects to print the pictures early next week.

The final vote cast, 5 P. M. Monday, January 7, was:

Irene Turcotte	7232

DESPERADO HUNT SUSPENDED TODAY

(By United Press)
West Palm Beach, Fla., Jan. 12.—The hunt in the Everglades for two desperadoes, remnants of the notorious Ashley-Mobley gang, was suspended today.

The two bad men escaped Wednesday when a concerted attack was made on the nest of the gang of desperadoes near here. John Ashley, leader of the outlaws, and Deputy Sheriff Baker were killed in the fight and the bandits' camp burned down.

Bill Ashley, a son of the leader, surrendered yesterday with Albert Miller, who was captured Thursday. They were held in jail here.

St. Francis school report 1923-24 has this honor roll for December:

Eighth grade—Lois Untereker, Beatrice Liners, Donald McNamara, Magdalene Koepl, Kathleen Early, Gerald Griffin, Joseph Greener, William Larkin, Martha Remmels. Highest average attained by Lois Untereker.

Seventh grade—William McClenahan, Allen Gray Johnson, Hugh McCaffrey. Highest average, William McClenahan.

Sixth grade A—Helen Phillip, Mary Larkin, Gordon Horner.

Fifth grade—Margaret Meyers, Margaret Vadnais, Alice Lind.

Third grade A—Leonard Lang.

First grade—Gertrude Adams, Eloise Horner, Marie Schmitz.

Alumni Meeting During the Christmas holidays an alumni meeting was held and a truly representative gathering was present. The following officers were elected for the coming year:

President—Verne McNamara.

Vice President—William Cleary.

Secretary—Angela Untereker.

Treasurer—Dorothy Doering.

The annual banquet will be held during the Easter vacation.

The school procured during the past two years the following sets of reference works: (a) The World Book (b) The Standard Reference Library (c) Compton's Pictured Encyclopedia. Over fifty separate volumes were also gotten, which include his story, biography and juvenile stories, those of Father Finn, Mary A. Waggaman and other present day writers being in the majority.

The library donations and reference work contributions were secured mainly through the generous help given by the ladies of St. Francis Guild. For this, the school is sincerely grateful and hereby makes a thankful acknowledgment.

The enrollment for the past year has been unusually large and the attendance in general good. The mid-year examinations will be held January 28, 29 and 30.

Heart Disease Claims Former Brainerd Mayor, Who Owned Store and Hotel Here

LIVED HERE IN EIGHTIES

Funeral to be Held in Everett, Washington on Thursday, January 17th

R. J. Hartley this morning received a telegram from Roland Hartley, a cousin residing in Everett, Washington, that the latter's brother, Frank Hartley had died Friday morning of heart failure. The funeral will be held next Thursday, January 17th.

Frank Hartley lived in Brainerd in the eighties and was mayor of the city. He conducted a store, under the firm name of Hartley Brothers and Dewar; also was one of the proprietors of the Villard Hotel located at that time where the Brainerd Greenhouse is now situated. He left Brainerd and lived in Minneapolis for a period, then went to Auburn, California, where he was in the mining business. At Everett, Washington, he took up the manufacture of lumber, conducting the Clough-Hartley mills. He leaves a wife and two children, the latter both married. A brother, G. G. Hartley lives in Duluth, another in California. E. P. Slipp of Brainerd is a brother-in-law of the deceased.

Alumni Meeting

During the Christmas holidays an alumni meeting was held and a truly representative gathering was present. The following officers were elected for the coming year:

President—Verne McNamara.

Vice President—William Cleary.

Secretary—Angela Untereker.

Treasurer—Dorothy Deering.

The annual banquet will be held during the Easter vacation.

The school procured during the past two years the following sets of reference works: (a) The World Book (b) The Standard Reference Library (c) Compton's Pictured Encyclopedia. Over fifty separate volumes were also gotten, which include his story, biography and juvenile stories, those of Father Finn, Mary A. Waggaman and other present day writers being in the majority.

The library donations and reference work contributions were secured mainly through the generous help given by the ladies of St. Francis Guild. For this, the school is sincerely grateful and hereby makes a thankful acknowledgment.

The enrollment for the past year has been unusually large and the attendance in general good. The mid-year examinations will be held January 28, 29 and 30.

Heart Disease Claims Former Brainerd Mayor, Who Owned Store and Hotel Here

LIVED HERE IN EIGHTIES

Funeral to be Held in Everett, Washington on Thursday, January 17th

R. J. Hartley this morning received a telegram from Roland Hartley, a cousin residing in Everett, Washington, that the latter's brother, Frank Hartley had died Friday morning of heart failure. The funeral will be held next Thursday, January 17th.

Frank Hartley lived in Brainerd in the eighties and was mayor of the city. He conducted a store, under the firm name of Hartley Brothers and Dewar; also was one of the proprietors of the Villard Hotel located at that time where the Brainerd Greenhouse is now situated. He left Brainerd and lived in Minneapolis for a period, then went to Auburn, California, where he was in the mining business. At Everett, Washington, he took up the manufacture of lumber, conducting the Clough-Hartley mills. He leaves a wife and two children, the latter both married.

A brother, G. G. Hartley lives in Duluth, another in California. E. P. Slipp of Brainerd is a brother-in-law of the deceased.

Practically Made Over.

DAVID DE HAVEN SINGS AT MUSICAL

David DeHaven, who is the tenor soloist at the Brainerd Musical club this afternoon, is president of the Fargo Rotary, a former newspaper man and now manager of a large printing concern.

Fargo Rotarians invariably are musically inclined, the example having originally been set by Former District Governor of the Rotary Norman K. Black, who is a remarkable baritone soloist, and has often been heard in Brainerd.

MARTIN HANSON DIED

Former Resident of County Passed Away at Big Fork, Succumbed to Pneumonia

Martin Hanson, a former resident of this county, passed away at Big Fork, on Tuesday last, death being caused from pneumonia. The remains were brought to Brainerd this morning for burial.

Mr. Hanson was born in Norway, coming to the United States while still a young man, and was one of the early settlers in Crow Wing County, residing on a farm near Flak.

He is survived by one daughter, May Scott of Garrison, and four sons, Ole, of Churches Ferry N. D.; Hans, in Canada with the Hudson Bay Co.; Charles, of Chicago and Emil, of Garrison. His wife died at Flak some twenty four years ago.

The funeral will be held on Sunday from the Long Lake church, with burial in that cemetery beside his wife.

MRS ANNIE MARTIN DIED

Passed Away at Home of Her Daughter, Mrs. A. P. Cardle

Mrs. Annie Martin passed away at 10:30 this morning at the home of her daughter, Mrs. A. P. Cardle, 411 Grove street.

Mrs. Martin was born in County Kerry, Ireland, in August, 1840, and came to this country at the age of 18 years. She has been a resident of Brainerd for over 40 years, coming to this city from Michigan on the death of her husband.

She is survived by two sons, John of Duluth and Thomas of Brainerd, and four daughters, Mrs. Mose LeFaivre of Duluth, Mrs. James Miller, and Mrs. A. P. Cardle of Brainerd, and Mrs. B. Martin of St. Paul. Since coming to Brainerd deceased has always made her home with Mrs. Cardle.

The funeral will be held Tuesday morning at 8:20 from St. Francis Catholic church, and interment made in Evergreen cemetery.

PERRY W. VARNER DIED

For Past 25 Years Had Been a Resident of Crow Wing County

Perry W. Varner, for the past twenty-five years a resident of Crow Wing county, passed away at the Crosby hospital on Thursday night, after a five-day struggle with pneumonia.

Mr. Varner was born in Frederic, Iowa, May 6th, 1874. While still a young man he came to Crow Wing county, settling on a farm near Belle Lake. From there he moved to Brainerd, and for many years was employed by John Larson in the flour and feed store. He has been a resident of Ironton for the past seven years.

Deceased is survived by two sisters, Mrs. Harry Culver, of Penora, Iowa, and Mrs. Jacob Smith, of Skidmore, Missouri, and two brothers, Samuel of Borden lake and Charles of Brainerd, and one daughter, Clara, of this city.

The funeral will be held at 2:30 o'clock Monday afternoon from the B. C. McNamara chapel, Rev. O. S. Winther officiating.

THE POTATO GROWER

We always had an idea that growing potatoes was a peaceful occupation, much like raising sweet peas, except that the bugs needed tending and Paris green had to be sprayed on the offending and transgressing insects.

A perusal of "The Potato Grower," official organ of the general organization committees of the Minnesota and North Dakota potato growers exchanges, under date of January 5th reveals a seven column head noting the fact that 105,000 acres were signed up on January 1st with a membership of 7,000. A bordered article, headed "Pin Prick of Truth Explodes Dealer Inspired Attack on Potato Campaign" raps the "Chicago Packer," a trade journal which seems to have presented the Maine potato situation in the wrong light.

"Moorhead District Herald has a Lovely Dish of Crow in Its January 5th Issue" seems to head another sensation.

"Wild Eyed Reports from Colorado are Absolutely Groundless," heads a story saying it's all bunk about a crop failure in Colorado.

"Many Editors Refuse to Re-print 'Dirty' Slap at Mr. Sapiro" covers another story.

"Dealers' Attack on Potato Campaign" is Nailed by Rubinow's Sworn Statement," gives S. G. Rubinow's side of the case.

We never knew anybody could get so worked up about potatoes, or that there were so many sensations connected with the industry. But maybe that's the way of the publicity man to stir up interest and maintain it at fever heat.

ITALY ASKS PRIVILEGES

ITALY has filed a protest with the United States over the immigration quota allotted to her under the terms of the bill now being considered by the house immigration committee. Italy owes the United States about \$2,000,000,000 for the eventual repayment of which she has been respectfully requested to make arrangements. So far she has not made any move to comply, and one of her leading statesmen has hinted that she never will pay this debt, and that there will be nothing on the Italian conscience if she does not.

That debt is a direct legal and moral obligation which Italy refuses to recognize. Why should she ask for privileges in immigration matters which the United States as a nation is neither legally nor morally bound to grant?

SHORT OF ASBESTOS PAPER

EDITOR ALVAH EASTMAN, of the St. Cloud Daily Journal-Press, remarks that he is short of asbestos paper which causes him to refrain in his comments on the action of four senators who were elected as republicans, and who voted for Senator Smith for chairman of the interstate commerce committee. The four who incurred his wrath are La Follette of Wisconsin, Brookhart of Iowa and Ladd and Frazier of North Dakota.

The action of the two Minnesota senators is not criticized. Their vote for Smith was logical enough, because they are members of the farmer-labor party, and defeated the regular republican candidates. They are not in any way obligated to the republican party, said Mr. Eastman, and are not sailing under false colors.

EVERYBODY CAN RIDE IN AMERICA

WE always knew there were a lot of cars in America, but never had it put in such an apt manner as by the publicity department of the 21st annual auto show in the Chicago Coliseum. Figured on the basis of 13,000,000 motor vehicles registered in America, the whole population could go motoring at the same time if everybody would stand for a little crowding in the old bus and the new car.

Roads and streets would be crowded with cars, but the omniscient pedestrian would be safe, as he would be in an automobile. Even the traffic cop would be riding.

Another interesting calculation would be to determine how much an hour it would cost in gasoline and oil to run this mighty caravan of 13,000,000 cars.

COVERED ROUTE FOR 53 YEARS

LEWIS HYMAN, a veteran travelingman, lays claims to having covered the same territory for a longer time than any other living salesman. His home is in Columbus, Ohio, and for 53 years he has been casing on the trade between Mount Vernon and New Lexington, Ohio.

During that time he has sold more than \$15,000,000 worth of flour and feed, and expects to sell another million before he retires. Hyman is 76 years old, and does not regard his feat as anything unusual. Although he failed only four times during the 53 years in carrying out his weekly schedule, he thinks anyone could do as well if they had the habit.

THE HOME PAPER

IN an editorial the Bemidji Daily Pioneer remarks that if there is anything in your town worth talking about, 10 chances to one your own newspapers had a hand in putting it there. If anybody beyond the walls of your burg ever learns that there is such a place as Three Corners, it will be through the home paper.

Every town gets its money's worth through the home newspapers. It's the wagon that carries all your goods to market. It ought to be kept in good repair. It will pay to grease it, paint it and keep its running gear in good shape and shelter. They are the guardians and defenders of every movement and the sturdy advocates of law and order.

THE Chicago Civic Opera company claims to have been a huge success last season, in spite of a deficit of \$350,000. The aesthetic end fulfilled expectations, but the box office was nil, the business paying out \$1.54 for every dollar taken in.

PROPOSED CONTRACT
GIVING CHANGES

Light and Power Agreement Proposed to City By Cuyuna Range Power Company

CHANGE IN SWITCHBOARD

Contract to be in Force 15 Years,
Rate to be Based on the Load Factor

The Dispatch publishes herewith the proposed new contract between city and Cuyuna Range Power company, which was not accepted by the city council.

This agreement made and entered into by and between the Cuyuna Range Power Company, a Minnesota corporation, as party of the first part, and the City of Brainerd, a Municipal Corporation, located in Crow Wing County, State of Minnesota, as party of the second part:

WITNESSETH: That in consideration of the mutual benefits, covenants and agreements hereinafter stated, the said parties do hereby covenant and agree with each other as follows:

A.—Party of the First Part Agrees

(1) To manufacture and deliver to second party at all hours all the electric current said second party may desire during the period of this contract; and

(2) That the current will be sixty (60) cycle, three (3) phase, alternating, delivered at the switchboard of the City at twenty three hundred (2300) volts, to be regulated, determined and controlled by a "Terrell Regulator," and the maximum variation in the voltage shall never exceed 5%; and

(3) To construct and maintain a proper transmission line to the City switchboard, and to place it in such streets or alleys or on other property of the City as the City may designate and no changes in the location of said line shall be made except by mutual consent; and

(4) To render its bill as of the last day of every month and submit it at the Water & Light Board office.

B.—Party of the Second Part Agrees

(1) That it will provide space in one of its own buildings for a switchboard, at which the current shall be delivered; and

(2) That it will not charge rental for city property used by the Power Company as a transformer station at the switchboard site, or for the pole-line right-of-way; and

(3) That it will permit access to the switchboard at all times and permit the testing of various indicators and measuring devices furnished by it, and that it will promptly as possible replace defective ones; and

(4) That it will purchase at least one million kilowatt-hours every year, but in no way does it obligate itself to purchase more than that quantity nor purchase all the electricity required in excess of that amount; and

C.—Both Parties Mutually Agree

(1) That the rate shall be based on the load-factor, and that load-factor shall be the result, expressed as a percentage, obtained when the total number of K. W. H. used during the month is divided by the product of the total hours in that month and the greatest number of K. W. H. used in any fifteen consecutive minutes in the same month; provided, however, that short circuits or accidents to machinery shall not be used in fixing the maximum use or demand.

(2) The rate shall be one and five-tenths (1.50) cents if the load-factor is 80% or higher, and for every one percent, or major portion thereof, that the load-factor is smaller than 80% there shall be added fifteen thousandths (.015) cents per K. W. H., but when the highest or maximum charge shall never exceed two and twenty-five hundredths (2.25) cents.

(3) When the average flow of water at the Crow Wing river power-plant site drops to less than 1000 cu. ft. per second in any month of the year and necessitates starting an auxiliary steam plant, the rate specified herein shall be increased by a percentage equal to that which the quantity of electricity so generated at its auxiliary plant bears to the total quantity generated at all its plants; but in no one month shall this increase in rate be in excess of twenty five (25) per cent.

(4) If for any cause not reasonably within its control the first party shall be prevented from delivering current, said first party shall not be bound to deliver; but if the interruption is for any other cause or reason and continues for more than one hour at any one time, then, upon written claim being made, second party shall be paid as damages a sum of money equal to the average sum paid for current during an equal period of time in the preceding month.

(5) Should dispute arise between the parties hereto as to any matter arising out of this contract or in connection therewith, the dispute shall be decided by a board of three arbitrators, of which one is to be selected by the first party, one by the second party, and the third by the two.

In the event that the first two chosen shall fail to agree on the third member within five days after their selection, a district Judge of said County, upon application of either party hereto and five days notice to the other party thereof duly given, shall appoint and designate such third member. The decision of the majority shall be final and conclusive on both parties; and at the time it renders its decision it shall fix the costs and expense of such arbitration and tax it against the party or parties hereto as in its judgment may be deemed just and equitable.

(6) The within contract shall continue and be in force for a period of fifteen years from the date of the proper signing and delivery thereof and shall supercede and annul any and all contracts heretofore existing between the parties.

(7) All the rights, privileges, benefits, duties and obligations herein specified or arising thereunder shall be binding upon and enure to the benefit, respectively, of the successors or assigns of the parties hereto.

IN WITNESS WHEREOF, the first

party has caused these presents to be signed by its President and its Secretary, by authority of its Board of Directors, and the second party has caused the same to be signed by its Mayor and attested by its Clerk, by authorization and direction of its City Council, this day of June, 1923.

C. E. Harting Buys Car Formerly Operated by J. E. Cleary

C. E. Harting has bought the Tobacco Cash car formerly operated by J. E. Cleary. Mr. Harting in-

tends to job candies, cigars and all brands of tobacco's and cigarettes, and will do business under the name of "Harting Supply Co."

Mr. Harting has a fine business record and is in a position to give the very best of service to all dealers, as he is well acquainted with the tobacco business having been employed as specialty salesman by the Liggett & Meyers and P. Lorillard Co., for the past 2½ years.

Mr. Harting is well known in Brainerd and neighboring vicinity. His many friends wish him the best of luck in his new venture.

BRAINERD SCHOOLS GROUNDS, JANITORS

Excerpts From Report Made by Such Committee to Board of Education

IMPROVEMENTS UNDER WAY

Delay in Receiving Supplies Has Held up Some of Work in Buildings

Following is taken from the report of the committee on buildings, grounds and janitors, to the board of education at its regular meeting on Monday night:

Washington Building: Work authorized by the board, purchasing and placing of new lavatories in the girls toilet, placing old lavatories from girls toilet to the boys toilet room, installation of new toilet fixtures in this room, placing slop sinks, one on second and one on third floors of the building, a drinking fountain on the third floor, increasing the seating capacity of the bleachers in the gymnasium, painting the bleachers, and placing wire mesh screen over the windows of this room.

Of this work authorized, all has been completed with the exception of such work as is held up awaiting the arrival of supplies ordered.

Lincoln Building: Four large electric light fixtures have been placed in the hallways of this building, being a part of the \$150 authorized by the board to be expended for light fixtures and placed where most needed.

Whittier Building: Four large light fixtures have been placed in the hallways of this building. Two new lavatories have been placed in the girls toilet and the old one taken out has been placed in the boys toilet, giving two in each room.

Frank Peters is acting janitor of this building in the absence of Mr. Webster, whose wife is in a hospital in Iowa.

Lowell Building: Six large light fixtures have been placed in the hallways of this building. One of the wall drinking fountains taken from the Washington building will be placed in the basement of the Lowell, for use of the two class rooms in the basement.

Harrison Building: Large light fixtures are to be placed in the hallways of this building, work on this to be completed this week.

Building committee report:

The electric light fixtures placed in the hallways of the various buildings have a 100 or 150 watt globe. The Water & Light Board will not handle any more of the 200 watt globes, and we therefore ordered a number from the Brainerd Electric Co., which have been received and will be placed during the week.

The water line to the building on the Lincoln school grounds is showing leaks in several places, due to being rusted through. The line runs from the Sixth street side and just what action to recommend at this time is a matter of uncertainty, and the committee thinks that perhaps it would be well to postpone action for another month.

BRAINERD SCHOOLS GROUNDS, JANITORS

Excerpts From Report Made by Such Committee to Board of Education

IMPROVEMENTS UNDER WAY

Delay in Receiving Supplies Has Held up Some of Work in Buildings

Following is taken from the report of the committee on buildings, grounds, and janitors, to the board of education at its regular meeting on Monday night:

Washington Building: Work authorized by the board, purchasing and placing of new lavatories in the girls toilet, placing old lavatories from girls toilet to the boys toilet room, installation of new toilet fixtures in this room, placing slop sinks, one on second and one on third floors of the building, a drinking fountain on the third floor, increasing the seating capacity of the bleachers in the gymnasium, painting the bleachers, and placing wire mesh screen over the windows of this room.

Of this work authorized, all has been completed with the exception of such work as is held up awaiting the arrival of supplies ordered.

Lincoln Building: Four large electric light fixtures have been placed in the hallways of this building, being a part of the \$150 authorized by the board to be expended for light fixtures and placed where most needed.

Whittier Building: Four large light fixtures have been placed in the hallways of this building. Two new lavatories have been placed in the girls toilet and the old one taken out has been placed in the boys toilet, giving two in each room.

Frank Peters is acting janitor of this building in the absence of Mr. Webster, whose wife is in a hospital in Iowa.

Lowell Building: Six large light fixtures have been placed in the hallways of this building. One of the wall drinking fountains taken from the Washington building will be placed in the basement of the Lowell, for use of the two class rooms in the basement.

Harrison Building: Large light fixtures are to be placed in the hallways of this building, work on this to be completed this week.

Building committee report:

The electric light fixtures placed in the hallways of the various buildings have a 100 or 150 watt globe. The Water % Light Board will not handle any more of the 200 watt globes, and we therefore ordered a number from the Brainerd Electric Co., which have been received and will be placed during the week.

The water line to the building on the Lincoln school grounds is showing leaks in several places, due to being rusted through. The line runs from the Sixth street side and just what action to recommend at this time is a matter of uncertainty, and the committee thinks that perhaps it would be well to postpone action for another month.

PADDOCK MESS A FIGHT FOR CONTROL

By HENRY L. FARRELL
United Press Sports Editor

New York, Jan. 12.—Many wild and harsh words have been thrown back and forth by the two factions involved in the now famous "Paddock case." But for the fact that a great athlete, perhaps the greatest sprinter of all times, was in danger of being barred from running in the Olympic games, the real cause of all the fireworks behind the Paddock case would not be worth mentioning.

Politics are of little interest to the followers of track and field athletics, boxing or baseball. Battles for executive control of sports are not of interest except in cases where the public might be deprived of entertainment or amusement.

Baseball is not vitally interested in the fight between Commissioner Landis and Ban Johnson. As long as the fans see good baseball for their money, they are not concerned with the executive end of the business. But, if the fight between Landis and Johnson should come to a point where Babe Ruth might be barred from the game, the fans would be vitally concerned.

The same point can be applied to the theater business. Movie fans are not vitally interested in what company makes the money out of Rudolph Valentino, but when a battle between business interests keeps him off the screen, they naturally feel concerned.

As long as a boxing fan feels sure that he will get the seat for which he paid, that the contest will be satisfactorily staged and that the rules will be observed, he has no more than a casual interest in commissions that govern the sport. But when something might be done that would bar Jack Dempsey from fighting, the situation would be changed.

These examples can be applied to the Paddock case, which is nothing more than the crisis in a movement of a rival body to overthrow the jurisdiction of the Amateur Athletic Union.

Drawn up on one side in the political fight is the A. A. U. which, for more than thirty years, has been accepted as the governing body of amateur sports in the United States. In the other corner, waging the fight against the A. A. U., is the National Collegiate Athletic Association, in which Elwood S. Brown of the Y. M. C. A. is the dominating influence.

Brown, it is charged by the A. A. U., has been trying to set up a national revolt against the A. A. U., and some evidence has been secured that he has sought to get large numbers of prominent athletes to renounce their A. A. U. affiliation and join his organization.

KEARNS IS ONLY OBSTACLE IN WAY OF TITLE BATTLE

New York, Jan. 12.—It seemed highly probable that Jack Dempsey would defend his world's heavyweight boxing title for the second time against Tom Gibbons of St. Paul in a bout in the metropolitan section in May or June.

Everyone concerned has agreed to the fight except Jack Kearns, Dempsey's manager, and he gave every indication before leaving town that the program and balance sheet proposed by Tex Rickard would be satisfactory to him. Kearns departed for a short stay at Hot Springs, Ark., and said he would give his definite answer when he returns.

Rickard Had Always Opposed Go

Prospects for the bout developed yesterday when Eddie Kane, the challenger's manager, visited Rickard to discuss some indoor bouts for his man this winter. Kane and Gibbons have been hopeful of a return match with Dempsey but Rickard had frowned on the proposal, despite the fact that the St. Paul battler is the only man to stay the limit with the champion since he ascended his throne.

Negotiations were instituted for the bout by James Mullen, of Chicago, and he asserted they were well under way. Rickard apparently seeing that the match was to be made and that the bout he suggested between Harry Wills and Louis Firpo was improbable, decided to take advantage of Kane's willingness. Rickard said there was nothing definite to say except he would utilize either the Polo grounds or Yankee stadium here or Boyle's Thirty Acres in Jersey City.

GIBBONS OFFERED \$50,000 FOR FIGHT WITH WILLS IN N. Y.

New York, Jan. 12.—Simon Flaherty, proprietor of the Queensboro Sporting club and its stadium seating about 25,000, announced that he had offered Tommy Gibbons \$50,000 to meet Harry Wills in a 15 round decision bout either on May 1 or May 15. Wills has agreed to take a percentage of the receipts and has accepted, Flaherty said.

Wills has four fights scheduled, the first in Rochester, N. Y., Jan. 16, and the last in Newark, Feb. 4.

Before the Stars and Stripes.
The flag which the colonies all used before the Stars and Stripes was adopted was variously known as the congress colors, the grand union flag, and the first navy ensign. It consisted of 13 stripes, alternately red and white, typifying the 13 colonies, with a union bearing the crosses of St. George and St. Andrew combined—the national flag of Great Britain—signifying the mother country.

LIGHTS AND SHADOWS IN THE SPORTS WORLD

LIVELY COMMENT BY THE DISPATCH SPORTS EDITOR

Tom Gibbons was elated when he received word from his manager, Eddie Kane, that another fight at the heavyweight crown is assured. The bout will be staged in New York, sometime late in May or early June. Gibbons' followers are many and will be pulling for Tommy to win.

The American Olympic ski team received a setback when three members were barred as ineligible to take part in the Olympic games in France. They were protested by Sweden as being former professional players. Major Leach of Minneapolis is manager of the team.

Hans Wagner's writings in many of the leading newspapers of the country of his baseball career makes interesting reading. Hans' baseball days are over but his name will not be forgotten by baseball fans for years to come.

Fred Fulton's knockout victory over Tiny Herman in Minneapolis last night will give the plasterer more prestige with Twin City fans in the future. Tommy Walsh, new vice president of the Minneapolis Boxing club, has promised to match the winner of the Fulton-Herman fight with a top noicher in the heavyweight division.

LITTLE FALLS 21; BRAINERD HIGH 11

(By L. P.)

The Brainerd high school basketball team met defeat at Little Falls on Friday evening, when the high school team of that city won by a score of 21 to 11.

The game started with a bang, and was fast throughout the entire game. The first quarter found Brainerd playing a good game, but fell down in the second quarter, the first half ending with a score of 10 to 1 in favor of Little Falls.

The second half Brainerd played her opponents on even terms, but the blue and white defense was broken and Little Falls came out victorious.

The Brainerd team offers no alibi for this defeat. The boys seemed to lack team work and did too much individual playing.

The second team lost to the second team of Little Falls by a score of 11 to 5. This score does not indicate how hard the locals fought, with practically a whole new team on the floor, caused by ineligibility in their studies.

Brainerd led at the first half by a score of 5 to 4, but was outplayed in the last period, Little Falls scoring seven points without allowing the locals to get in a point.

The blue and white plays Crosby at Brainerd on next Friday, January 18th, in the high school gymnasium, the game being called for 8 o'clock. The locals have not given up hopes of winning the district title, even though they have already lost three games.

CLEVELAND KEEPS LEAD IN HOCKEY TOURNAMENT

Cleveland, Ohio, Jan. 12.—The local hockey team retained its position on the top rung of the United States Amateur Hockey league by defeating Minneapolis here last night 4 to 0. The contest was advertised as a hockey game, but the fans were led to believe they were attending a soccer battle.

After two periods of clean hockey, the Minneapolis sextet reverted to rough tactics in an effort to shoot through at least one goal. It was a case of "you sock me and I'll sock you." Hence the soccer.

HOPPE TAKES 500 TO 376 LEAD OVER WELKER COCHRAN

Boston, Jan. 12.—Willie Hoppe, defending champion, ruled a favorite over Welker Cochran, challenger, as a result of the 126 point lead which the titleholder gained in the opening block of their 1,500 point challenge match for the world's 18.2 balkline billiards championship.

Hoppe won the opening block 500 to 376, finishing with an uncompleted run of 43. The balls were left in good scoring position along the left rail for the resumption of play tonight in the second block.

First Recorded Auto "Smash"

The first automobile "smash" on record occurred in 1896, when Jonathan West of Rochester, N. Y., riding in a car, collided with a wagon owned by a laundry company.

AUDITING OF ASSOCIATION BOOKS

(Continued from Page 5)

has been paid, and it is considered that an additional \$110 is collectable. It was found that 319 names have been carried in the membership ledger. Of this number, 196 have paid an amount in dues ranging from \$2.50 to \$10, while 123 have paid nothing. Of the paying members, it is considered by the committee that there are at the present time, 187 that might be listed as reliable supporters of the Association for the coming year.

In going over the so-called membership roll, the committee was very much surprised to find a large number of solid citizens who are not paying any dues, but on inquiry, it was learned that these men when called upon to pay dues, claimed that no one had any authority to place their names on the membership roll of the Association for 1923, therefore, they did not consider themselves members and did not feel called upon to pay any dues this year.

On comparing the budget list with the membership roll, it was found that some of the same men who refused to pay dues signed the budget list and paid their subscriptions promptly. In the last year's report, the committee estimated that about 300 citizens could be depended upon to stand by the association, and recommended that these men be called upon to sign up for 1923. The results show that if they had been called upon, they would have signed up and paid up, and the incoming membership committee is asked to take care of the matter of signing them up for 1924 at an early date.

If the association is conducted on the same economical lines as it has been during the past nine months, the overhead charge for the year 1924 will be approximately \$2,700, which can be met by a membership of 270.

This number of members should be readily obtained with little effort and the budget funds can then be used for public affairs and when the members know that their subscriptions are not to be used for overhead or old accounts, they will willingly and freely donate to the comparatively small budget that will be required.

There are always a few bills that will come up as a hang-over from the past year, but the committee finds no accepted liabilities at the present time, a very fine record. With \$154.47 on hand and \$110 due on the budget fund, together with \$190 collectable in dues, the year 1924, it started, as former president H. P. Dunn predicted, "With cash to spare."

Owing to the fact that a large liability was carried over from 1922 which necessitated the raising of a large budget and also the financing of the tourist park, more money was handled by the association during 1923 than for some years past, and at this time the committee takes occasion to compliment Miss Bertha Muehlbauer on the efficient manner in which she has kept the books and accounts. This year three members of the committee audited the books in half the time that it has taken six members to do in former years, for her trial balance proved correct on the first checking and it was not necessary to spend any length of time making corrections.

Follies Girls Dance in "Potash and Perlmutter"

Persons living in the towns and cities which are never visited by the famous Ziegfeld Follies on tour will have an opportunity to see the chorus girls who figure so largely in the revue, by visiting the New Park tonight or Sunday.

A score of the Follies beauties take part in the elaborate cabaret scenes in "Potash and Perlmutter," a First National picture produced by Samuel Goldwyn. In addition there are ten choristers from the cast of the Music Box Revue, the annual production which is the nearest rival to the Follies in New York.

Abe Potash says: "Don't bet! Gambling is one thing—business another."

"My Irma marries for love, Mr. Feldman—not to pay her papa's bills."

"Mawruss, in you the milk of kindness has turned into acid. No wonder you've got rheumatism."

"We don't count our chickens before they're in the frying pans."

"Sternberger is the only man who won't have trouble with his working-men again. Last week he had nearly twenty carriages at his funeral."

"If every man had such a good wife as my Rosie the divorce judges would go out of business."

Even His Dog Fails to Recognize Mix in Goggles

"When your own dog don't know you, you're sure in tough," commented Tom Mix, when making his latest William Fox production, "Soft Boiled," showing at the Lyceum Theatre starting Sunday.

Playing the role of a shoe clerk, Mr. Mix found it necessary to wear an ill fitting suit of pepper and salt pattern, heavy horn-rimmed glasses and to part his hair in the middle.

Sandy, Sunny and Minkie

Three of the most original humorists of the silver screen et al i r l i s t s of the silver sheet were seen on the Lyceum screen last night when Dustin Farnum's latest William Fox attraction, "The Man Who Won," opened a two day run. They are Sandy, Sunny and Minkie, one short and be-whiskered, another tall and cadaverous, and the third fat.

Don't miss it. Tonight "Cash Nite."

PADDOCK MESS A FIGHT FOR CONTROL

By HENRY L. FARRELL
United Press Sports Editor

New York, Jan. 12.—Many wild and harsh words have been thrown back and forth by the two factions involved in the now famous "Paddock case."

But for the fact that a great athlete, perhaps the greatest sprinter of all times, was in danger of being barred from running in the Olympic games, the real cause of all the fireworks behind the Paddock case would not be worth mentioning.

Politics are of little interest to the followers of track and field athletics, boxing or baseball. Battles for executive control of sports are not of interest except in cases where the public might be deprived of entertainment or amusement.

Baseball is not vitally interested in the fight between Commissioner Landis and Ban Johnson. As long as the fans see good baseball for their money, they are not concerned with the executive end of the business. But, if the fight between Landis and Johnson should come to a point where Babe Ruth might be barred from the game, the fans would be vitally concerned.

The same point can be applied to the theater business. Movie fans are not vitally interested in what company makes the money out of Rudolph Valentino, but when a battle between business interests keeps him off the screen, they naturally feel concerned.

As long as a boxing fan feels sure that he will get the seat for which he paid, that the contest will be satisfactorily staged and that the rules will be observed, he has no more than a casual interest in commissions that govern the sport. But when something might be done that would bar Jack Dempsey from fighting, the situation would be changed.

These examples can be applied to the Paddock case, which is nothing more than the crisis in a movement of a rival body to overthrow the jurisdiction of the Amateur Athletic Union.

Drawn up on one side in the political fight is the A. A. U. which, for more than thirty years, has been accepted as the governing body of amateur sports in the United States. In the other corner, waging the fight against the A. A. U., is the National Collegiate Athletic Association, in which Elwood S. Brown of the Y. M. C. A. is the dominating influence.

Brown, it is charged by the A. A. U., has been trying to set up a national revolt against the A. A. U., and some evidence has been secured that he has sought to get large numbers of prominent athletes to renounce their A. A. U. affiliation and join his organization.

KEARNS IS ONLY OBSTACLE IN WAY OF TITLE BATTLE

New York, Jan. 12.—It seemed highly probable that Jack Dempsey would defend his world's heavyweight boxing title for the second time against Tom Gibbons of St. Paul in a bout in the metropolitan section in May or June.

Everyone concerned has agreed to the fight except Jack Kearns, Dempsey's manager, and he gave every indication before leaving town that the program and balance sheet proposed by Tex Rickard would be satisfactory to him. Kearns departed for a short stay at Hot Springs, Ark., and said he would give his definite answer when he returns.

Rickard Had Always Opposed Go

Prospects for the bout developed yesterday when Eddie Kane, the challenger's manager, visited Rickard to discuss some indoor bouts for his man this winter. Kane and Gibbons have been hopeful of a return match with Dempsey but Rickard had frowned on the proposal, despite the fact that the St. Paul battler is the only man to stay the limit with the champion since he ascended his throne.

Negotiations were instituted for the bout by James Mullen, of Chicago, and he asserted they were well under way. Rickard apparently seeing that the match was to be made and that the bout he suggested between Harry Wills and Louis Firpo was improbable, decided to take advantage of Kane's willingness. Rickard said there was nothing definite to say except he would utilize either the Polo grounds or Yankee stadium here or Boyle's Thirty Acres in Jersey City.

GIBBONS OFFERED \$50,000 FOR FIGHT WITH WILLS IN N. Y.

New York, Jan. 12.—Simon Flaherty, proprietor of the Queensboro Sporting club and its stadium seating about 25,000, announced that he had offered Tommy Gibbons \$50,000 to meet Harry Wills in a 15 round decision bout either on May 1 or May 15. Wills has agreed to take a percentage of the receipts and has accepted, Flaherty said.

Wills has four fights scheduled, the first in Rochester, N. Y., Jan. 16, and the last in Newark, Feb. 4.

Before the Stars and Stripes.

The flag which the colonies all used before the Stars and Stripes was adopted was variously known as the congress colors, the grand union flag, and the first navy ensign. It consisted of 13 stripes, alternately red and white, typifying the 13 colonies, with a union bearing the crosses of St. George and St. Andrew combined—the national flag of Great Britain—signifying the mother country.

LIGHTS AND SHADOWS IN THE SPORTS WORLD

LIVELY COMMENT BY THE DISPATCH SPORTS EDITOR

Tom Gibbons was elated when he received word from his manager, Eddie Kane, that another fling at the heavyweight crown is assured. The bout will be staged in New York, sometime late in May or early June. Gibbons' followers are many and will be pulling for Tommy to win.

The American Olympic skit team received a setback when three members were barred as ineligible to take part in the Olympic games in France. They were protested by Sweden as being former professional players. Mayor Leach of Minneapolis is manager of the team.

Hans Wagner's writings in many of the leading newspapers of the country of his baseball career makes interesting reading. Hans' baseball days are over but his name will not be forgotten by baseball fans for years to come.

Fred Fulton's knockout victory over Tiny Herman in Minneapolis last night will give the plasterer more prestige with Twin City fans in the future. Tommy Walsh, new vice president of the Minneapolis Boxing club, has promised to match the winner of the Fulton-Herman fight with a top notcher in the heavyweight division.

LITTLE FALLS 21; BRAINERD HIGH 11

(By L. P.)

The Brainerd high school basketball team met defeat at Little Falls on Friday evening, when the high school team of that city won by a score of 21 to 11.

The game started with a bang, and was fast throughout the entire game. The first quarter found Brainerd playing a good game, but fell down in the second quarter, the first half ending with a score of 10 to 1 in favor of Little Falls.

The second half Brainerd played her opponents on even terms, but the blue and white defense was broken and Little Falls came out victorious.

The Brainerd team offers no alibi for this defeat. The boys seemed to lack team work and did too much individual playing.

The second team lost to the second team of Little Falls by a score of 11 to 5. This score does not indicate how hard the locals fought, with practically a whole new team on the floor, caused by ineligibility in their studies.

Brainerd led at the first half by a score of 5 to 4, but was outplayed in the last period, Little Falls scoring seven points without allowing the locals to get in a point.

The blue and white plays Crosby at Brainerd on next Friday, January 18th, in the high school gymnasium, the game being called for 8 o'clock. The locals have not given up hopes of winning the district title, even though they have already lost three games.

The Falling Star.

A star fell, leaving a trailing line of light in its wake, and suddenly I felt a little sad, for a Siwash Indian chief had told us that when a star fell it was a flower tossed by the hand of a good spirit from Paradise to ease the pain of a soul passing out into the Great Darkness—"The Wild Heart," by Emma Lindsay Souler.

AUDITING OF ASSOCIATION BOOKS

(Continued from Page 5)

has been paid, and it is considered that an additional \$110 is collectable. It was found that 319 names have been carried in the membership ledger. Of this number, 196 have paid an amount in dues ranging from \$2.50 to \$10, while 123 have paid nothing. Of the paying members, it is considered by the committee that there are at the present time, 187 that might be listed as reliable supporters of the Association for the coming year.

In going over the so-called membership roll, the committee was very much surprised to find a large number of solid citizens who are not paying any dues, but on inquiry, it was learned that these men when called upon to pay dues, claimed that no one had any authority to place their names on the membership roll of the Association for 1923, therefore, they did not consider themselves members and did not feel called upon to pay any dues this year.

On comparing the budget list with the membership roll, it was found that some of the same men who refused to pay dues signed the budget list and paid their subscriptions promptly. In the last year's report, the committee estimated that about 300 citizens could be depended upon to stand by the association, and recommended that these men be called upon to sign up for 1923. The results show that if they had been called upon, they would have signed up and paid up, and the incoming membership committee is asked to take care of the matter of signing them up for 1924 at an early date.

If the association is conducted on the same economical lines as it has been during the past nine months, the overhead charge for the year 1924 will be approximately \$2,700, which can be met by a membership of 270.

This number of members should be readily obtained with little effort and the budget funds can then be used for public affairs and when the members know that their subscriptions are not to be used for overhead or old accounts, they will willingly and freely donate to the comparatively small budget that will require.

There are always a few bills that will come up as a hang-over from the past year, but the committee finds no accepted liabilities at the present time, a very fine record. With \$154.47 on hand and \$110 due on the budget fund, together with \$190 collectable in dues, the year 1924, is started, as former president H. P. Dunn predicted, "With cash to spare."

Owing to the fact that a large liability was carried over from 1922 which necessitated the raising of a large budget and also the financing of the tourist park, more money was banded by the association during 1923 than for some years past, and at this time the committee takes occasion to compliment Miss Bertha Muehlbauer on the efficient manner in which she has kept the books and accounts. This year three members of the committee audited the books in half the time that it has taken six members to do in former years, for her trial balance proved correct on the first checking and it was not necessary to spend any length of time making corrections.
